- Sydney – 29 October (pm)
- Melbourne – 18 November (pm)
- Sydney – 10 December (pm)

COURSE DESCRIPTION

Responsible Manager of AFS Licensees

This course will provide an overview of the obligations required of Responsible Managers and refresh some of the fundamental features of the financial services reform regime. This includes consideration of licensee obligations of which RMs should be aware, the specific authorisations of their organisation's AFS licence, whether any personal liability attaches to them as an RM and breach identification, assessment and reporting.

Responsible Manager Advanced

Completion of the Responsible Manager course is a prerequisite for undertaking this course. This Advanced course focusses on identifying required competencies of RMs and strategies for developing them. In particular, this workshop explores conflicts of interest, the role of RMs in fostering an appropriate culture and recent regulatory action case studies.

Participants will be required to bring documentation to the training including their organisation's full AFS Licence, Financial Services Guide and conflicts of interest policy/framework.

NOTE: Testimonials are available on website: www.compliance-training.com.au. You can also look at the other courses that we have on offer.
